

IN THE SPECIFICATION:

At page 7, please replace paragraph [0035] with the following amended paragraph:

[0035] Figures 5 and 6 are cross sectional schematic views transverse to panel longitudinal axis 200 (shown in Figure 4). Referring to Figure 5, control panel mount surface 180 (shown in Figures 1-3) extends inwardly (downwardly in Figure 5) from panel outer surface 164 at control mount surface curved side 188 to control mount surface ~~[[flat]]~~ straight side ~~[[188]]~~ 186 extending generally parallel to frame top edge 168. Control mount surface angled sides 190 extend (upwardly in Figure 5) from control mount surface straight side ~~[[188]]~~ 186 to respective ends of control mount surface curved side ~~[[186]]~~ 188, thereby completing the saucer-shaped control mount surface 180.
